

ESI- RBI_2018

Passage - SPDC was introduced in 2006-07 to make higher education in Indian Universities/Institutes in different fields in India accessible to the children of overseas Indians (PIOs) and Non- resident Indian students (NRIs) and promote India as a centre for higher studies. Scholarship is offered for pursuing courses in Central Universities of India offering Under Graduate Courses. Nearly 800 candidates were awarded scholarships since inception. Of the scholarships, 1/3rd are reserved for children of Indian workers in ECR countries studying in India.

1. The above mentioned Scheme doesn't cover which of the discipline

- A. **Medicine**
- B. Nursing
- C. Journalism
- D. Commerce
- E. Arts

2. Scholarship Portal under the scheme

- A. **spdcindia.gov.in**
- B. NRleducation.gov.in
- C. spdc.gov.in
- D. spdceducation.gov.in
- E. spdcnri.gov.in

3. The full form of the SPDC Scheme is

- A. **Scholarship Program for Diaspora Children**
- B. Scholarship Program for NRI Children
- C. Scholarship Program for Overseas Indian Children
- D. Scholarship Program for Dispersed NRI Children
- E. Scholarship Program for Dispersed Overseas Indian Children

4. Which of the following is not a feature of SPDC scheme

- A. Students are awarded scholarship of up to US\$ 4000 per annum towards fees
- B. **Food charges covered to the tune of US\$100**
- C. Scholarship is offered for pursuing courses in Central Universities of India
- D. Number of countries from where NRI/OPI students is 66
- E. Number of scholarships available is 150

5. Total number of Scholarship and that reserved for ECR countries

- A. 150:100
- B. 150:75
- C. 200:100
- D. **150:50**
- E. 150:25

Passage- Government of India has launched the scheme on 1st June, 2011, which is estimated to benefit more than 12 million pregnant women who access Government health facilities for their delivery. Moreover it will motivate those who still choose to deliver at their homes to opt for institutional deliveries. . It is an initiative with a hope that states would come forward and ensure that benefits under the scheme would reach every needy pregnant woman coming to government institutional facility. All the States and UTs have initiated implementation of the scheme.

ESI- RBI_2018

6. Which scheme we are discussing here in the above passage.

- A. **JSSK**
- B. Indradhanush
- C. JSY
- D. MSSY
- E. MSYK

Explanation-

- Government of India has launched Janani Shishu Suraksha Karyakaram (JSSK) on 1st June, 2011.

7. Under the said scheme, hospitalization is allowed for how many days for sick new born children

- A. 7
- B. 15
- C. **30**
- D. 45
- E. 60

8. Under the said scheme, diet is provided for Normal and C-section Delivery new mothers for ____ and ____ Days respectively

- A. 5 ; 7
- B. 3 ; 5
- C. 2 ; 7
- D. **3 ; 7**
- E. 2 ; 5

9. The above said Scheme was launched from _____ District in _____

- A. Parbhani, Maharashtra
- B. **Mewat, Haryana**
- C. Mehsana, Gujarat
- D. Churu, Rajasthan
- E. Varanasi, UP

10. Which of the following Organisations release statistics related to GNI in India on regular intervals?

- A. **MoSPI**
- B. MoEA
- C. MoAFW
- D. MoSRD
- E. None of the above

Explanation-

- The estimates of national income is released by the Central Statistics Office (CSO), Ministry of Statistics and Programme Implementation.
- Since 1955 the national income estimates are being prepared by the "Central Statistical Organisation" [CSO]

11. What is the formula for per capita computation?

- A. GNP/Population

ESI- RBI_2018**B. GNI/ Population**

- C. Total budget/Total Population
- D. NNP/Population
- E. None of the above

Passage - : Excerpts from an International organisation's report released in August 2018 - India has been among the fastest-growing economies in the world over the past few years, lifting millions out of poverty. The main reforms include the inflation-targeting monetary policy framework, the Insolvency and Bankruptcy Code (IBC), the goods and services tax (GST), and steps to liberalize FDI flows and improve the business climate. The stance of monetary policy over much of FY2017/18 was appropriate and consistent with the Fund's call to aim monetary policy at durably lowering sticky inflation expectations, given the temporary weakness in growth and headline inflation at the lower end of the target range.

12. Which rate is being referred to here as part of monetary policy framework reforms?

A. Repo rate

- B. Base rate
- C. Bank lending rate
- D. Interest rate
- E. Inflation

13. The rate was increased to ____% as per the above passage from the said International organisation's report.

- A. 5.25
- B. 5.5
- C. 5.75
- D. 6.00
- E. **6.5**

Explanation-

The Reserve Bank of India raised the repo rate for the second straight meeting in August by 25 basis points to 6.5 percent, while warning about the inflationary pressures.

The average inflation is likely to rise to 5.2 percent in 2018/19 from a 17-year low of 3.6 percent in the previous fiscal year, the IMF said.

14. The Headline Inflation rate referred in the passage is speaking of

A. CPI Inflation

- B. WPI Inflation
- C. GNI
- D. GDP
- E. None of the above

Explanation-

- Headline inflation is projected to rise to 5.2 percent, above the mid-point of the RBI's medium term inflation target band (4 percent CPI inflation $\pm$ 2 percent), as demand conditions tighten, along with higher oil prices, housing rent allowances (HRAs), and agricultural minimum support prices (MSPs), and the recent depreciation of the rupee.
- The effect of these factors was visible in recent inflation prints.

ESI- RBI_2018

15. Name the organisation which released the report

- A. The World Bank
- B. ADB
- C. IMF**
- D. AIIB
- E. UNCTAD

16. Which of the following can be the reason for India to be among the fastest growing economies in the world

- A. 1991 Reforms**
- B. High Manufacturing Cost
- C. Govt Ownership of PSBs
- D. Labour market rules
- E. None of the above

Explanation-

As per the IMF report, Directors welcomed that the capital flow management framework was moving in the direction of greater liberalization, notably in the area of foreign direct investment. They stressed that India would benefit from further liberalization of trade and foreign investment, and welcomed the authorities' commitment to a multilateral rules-based trade system.

Passage - This Scheme was launched after a review and restructuring of the erstwhile Integrated Rural Development Program (IRDP) and allied schemes like Training of Rural Youth for Self Employment (TRYSEM), Development of Women and Children in Rural Areas (DWCRA), Million Wells Scheme (MWS), Supply of Improved Toolkits to Rural Artisans (SITRA) & Ganga Kalyan Yojna. Launched on April 1, 1999, the objective of the SGSY is to bring the assisted Swarozgaris above the poverty line by providing them income generating assets through bank credit and Government subsidy.

17. Name the scheme of which we are talking about in the above passage

- A. JGGY
- B. SGSY**
- C. ITRA
- D. ITSG
- E. None of the above

Explanation-

Swarnajayanti Gram Swarozgar Yojana (SGSY)

18. Which of the following holds true regarding the captioned scheme in the passage

- A. Subsidy amount of Rs 7500 given for Capacity Building, Trading and Skill Development, Credit training etc which is same to all irrespective of social status.
- B. Ceiling of Rs 10000 for minor Irrigation project.
- C. Amount provided strictly to Individual borrowers only. No SHGs
- D. The Scheme is being implemented on a 75:25 cost sharing of between the Centre and the States.**
- E. PRIs are not involved in the whole affair

Explanation-

ESI- RBI_2018

- Subsidy under SGSY is uniform at 30 per cent of the project cost, subject to a maximum of Rs 7,500. In respect of SC/ST, however, these are 50 per cent and Rs 10,000 respectively.
- Ceiling of Rs 10000 for minor Irrigation project is also INCORRECT as there is no such ceiling prescribed under the scheme.
- It is a holistic programme of micro enterprises covering all aspects of self employment which includes organising rural poor into Self help groups.
- Integration of various agencies like District Rural Development Agencies, Banks, Line Departments., Panchayati Raj Institutions, NGOs etc.

19. Which of the following are features of the captioned scheme in the above passage?

1. No Involvement of PRI
2. Establishing MACRO enterprise
3. It seeks to promote multiple credit rather than a one-time credit 'injection'.
4. It adopts a project approach for each key activity.

Options-

- A. Only 1 and 2
- B. Only 2 and 3
- C. Only 3 and 4**
- D. Only 1,2 and 3
- E. Only 2,3 and 4

Explanation-

- PRIs are part of the scheme
- The scheme aims at building MICRO enterprises not MACRO

Passage- The scheme was launched keeping in view the upliftment of the lower strata of the society, SCs. The principle that lies here is good voluntary organizations should not only be assisted but also consciously built up which has been guiding spirit behind the formulation of the Scheme.

20. Which scheme we are talking about here

- A. Scheme of Grant in Aid to Voluntary Organisations working for Scheduled Castes**
- B. Credit Enhancement Guarantee Scheme for the NGOs working towards upliftment of Scheduled Castes (SCs)
- C. Scheme of Voluntary Organizations helping the SCs
- D. Scheme of NGOs working towards the upliftment of SCs
- E. None of the above

21. Under which ministry is the mentioned scheme implemented

- A. Ministry of Social Justice and Empowerment**
- B. Ministry of Health and Family welfare
- C. Ministry of Rural development
- D. Ministry of Skill Development and Entrepreneurship
- E. Ministry of Agriculture and Farmers welfare

ESI- RBI 2018

22. Eligibility Criteria for the organisation to avail the benefits of the captioned scheme in the passage above.

- A. Registered under Society Act 1960, Indian Red Cross and its Branches and Section 25 of Companies Act
- B. A public trust registered under the law for the time being in force
- C. A charitable company licensed under Section 25 of the Companies Act, 1958
- D. Indian Red Cross Society or its branches
- E. All of the above**

Explanation-

- In order to be eligible for assistance under this scheme, an organization should have the following characteristics: It should be
 - Registered under the Societies Registration Act, 1860 (XXI of 1860) or any relevant Act of the State / Union Territory; or
 - A public trust registered under the law for the time being in force; or
 - A charitable company licensed under Section 25 of the Companies Act, 1958; or d. Indian Red Cross Society or its branches; and or
 - Any other public body or institution having a legal status of its own:
 - The voluntary organization should have been registered for, at least two years, at the time of applying for grant under the scheme. - This can, however, be waived by the Secretary, Ministry of Social Justice and Empowerment, for reasons to be recorded in writing, in exceptional cases.
 - Number of Scheduled Caste beneficiaries is not less than 60% in cases of voluntary organizations.
 - Any other organization or training institution of repute, which may be approved by the Secretary, Ministry of Social Justice and Empowerment.

23. Which of the following is covered under the scheme

1. Building rent
2. Scholarship for foreign studies abroad for Orphan children ONLY
3. Stipend given students

Options-

- A. Only 1
- B. Only 2
- C. Only 3
- D. Only 1 and 3**
- E. Only 2 and 3

Explanation-

- Overseas scholarship not admissible claim.
- IV. ADMISSIBLE ITEMS
- Assistance under the Scheme is admissible for the following items: a. Rent for the building in which the project is being run; b. Purchase of furniture; c. Purchase of equipment and machinery; d. Honorarium to the staff; e. Stipend to the students and trainees; Tuition fee chargeable by the institutions approved f. for students enrolling in courses approved by the Ministry g. Material for use in learning the skills and creating awareness; h. Stationery; i. Contingencies which include TA/DA and other such expenditure,

ESI- RBI 2018

and j. Any other item as may be approved by the Secretary, Ministry of Social Justice and Empowerment.

- 4.2 The above is not exhaustive but merely an illustrative list of items for which assistance may be provided. It will be open to the Government of India to provide assistance for any other purpose connected with the activities.

24. Which of the following is the main objective of the captioned scheme in the above passage

- A. To improve educational and socioeconomic conditions of the target group i.e. Scheduled Castes**
- B. To improve income of the target group i.e. Scheduled Castes
- C. To improve only educational conditions of the target group i.e. Scheduled Castes
- D. To improve only socioeconomic conditions of the target group i.e. Scheduled Castes
- E. None of the above

Explanation-

The main objective behind the scheme is to involve the voluntary sector and training institutions of repute to improve educational and socioeconomic conditions of the target group i.e. Scheduled Castes with a view to upgrade skill to enable them to start income generating activities on their own or get gainfully employed in some sector or the other. The principle that good voluntary organizations should not only be assisted but also consciously built up has been guiding spirit behind the formulation of the Scheme.

Passage – The Fiscal Responsibility and Budget Management (FRBM) Act was enacted in 2003 which set targets for the government to reduce fiscal deficits. The targets were put off several times. In May 2016, the government set up a committee to review the FRBM Act. The government believed the targets were too rigid. The committee recommended that the government should target a reduction in fiscal deficit in a phased manner.

25. In May 2016, the government set up a committee under _____ to review the FRBM Act.

- A. NK Singh**
- B. C. Rangarajan
- C. Kirit Parikh
- D. Arunjaitley
- E. Urjitpatel

26. Fiscal Deficit refers to difference between

- A. All Govt Expenditure and All Govt receipts except borrowings**
- B. Revenue receipts and revenue expenditure
- C. Exports and Imports
- D. None of the above

27. DIPP, Ministry of Commerce and Industry in collaboration with the _____ conducted an annual reform exercise for all States and UTs under the (BRAP). The aim of this exercise is to improve delivery of various Central Government regulatory functions and services in an efficient, effective and transparent manner.

- A. The World Bank**
- B. IMF
- C. SBI
- D. ADB
- E. AIIB

ESI- RBI 2018

28. As per the BRAP report, About Ease of Doing, the state that ranked last is

- A. Kerala
- B. Meghalaya**
- C. Jharkhand
- D. Chattisgarh
- E. UP

29. The Full form of report name BRAP is

- A. Business Revoution Action programme
- B. Business Rejuvenation Action Programme
- C. Business Revolution Acivity Plan
- D. Business Reform Action Plan**
- E. None of the above

30. Number of Points covered in BRAP is

- A. 245
- B. 372**
- C. 234
- D. 325
- E. 421

31. Which of the following is the main objective of the SEZ Act

1. promotion of exports of goods and services
2. promotion of investment from domestic and foreign sources
3. creation of employment opportunities
4. Providing Vocational training
5. development of infrastructure facilities

Options-

- A. 1,2 and 3
- B. 2,3 and 4
- C. 3,4 and 5
- D. 1,2,3 and 4
- E. 1,2,3 and 5**

32. Proportion of people below poverty line referred as :

- A. Poverty Gap**
- B. Poverty ratio
- C. Poverty group
- D. Poverty basket
- E. None of the above

33. SDG Targets are to be achieved by the year

- A. 2024
- B. 2032
- C. 2030**
- D. 2045
- E. 2050

ESI- RBI_2018

34. First Multilateral Organization having its secretariat in India is

- A. ISA
- B. UNDP
- C. UNCTAD
- D. ADB
- E. AIIB

Explanation-

The International Solar Alliance is an alliance of more than 121 countries, most of them being sunshine countries, which lie either completely or partly between the Tropic of Cancer and the Tropic of Capricorn.

Its in Gurugram, Haryana along with Natioanl Institute of Solar Energy (NISE)

35. Poverty due to sudden Health Issue or Calamity and temporary in Nature is known as

- A. **Situational Poverty**
- B. Absolute poverty
- C. RelativePoverty
- D. Dynamic Poverty
- E. None of the above

36. Budget Allocation for Operation Green is Rs ____ Crores

- A. 100
- B. 200
- C. 300
- D. 400
- E. **500**

37. Consumer Goods are also referred to as

- A. **Final Goods**
- B. Producer goods
- C. Dynamic Goods
- D. Last Goods
- E. None of the above

38. HDI is released in Annual Report of

- A. UNCTAD
- B. WHO
- C. ADB
- D. IMF
- E. **UNDP**

39.The First P in PPP is

- A. Product
- B. **Purchasing**
- C. Power
- D. Parity
- E. Producer

Explanation-

PPP is Purchasing power Parity

40. Impact of Globalization on Family, Work and Culture etc can termed as

- A. Social Globalization**
- B. Cultural Globalization
- C. Political Globalization
- D. Ecological Globalization
- E. Financial Globalization

41. TRIPS is monitored by

- A. WTO**
- B. UNO
- C. UNCTAD
- D. AIIB
- E. None of the above

42. GDP measure Perspective of

- A. Consumer**
- B. Producer
- C. Both consumer and producer
- D. None of the above

Explanation- GVA is Producers Perspective

43. National income can be mathematically represented as

- A. Final of Goods produced + Receivable from abroad**
- B. Only Final goods Produced
- C. Intermediate goods and final goods
- D. Intermediate goods+receivables from abroad
- E. None of the above

44. which of the following is true about Fiscal Policy

Statement 1 - The tool to regulate the money supply in the economy

Statement 2 – Administered by Central Bank, RBI

Statement 4 – A bimonthly policy meeting is held by RBI in this regard

- A. Statement 2 and 3
- B. Statement 4 only
- C. Statement 3 Only
- D. Statement 1 and 2
- E. None of the above**

Explanation-

- Monetary policy is typically implemented by a central bank, while Fiscal Policy decisions are set by the national government.

ESI- RBI_2018

- Both monetary and fiscal policy may be used to influence the performance of the economy in the short run.

45. Which of the following new restructured scheme was launched in April, 2018, to increase the governance capabilities of PRIs?

- A. Rashtriya Gram Swaraj Abhiyan**
- B. PM Kaushal Vikas Yojana
- C. Pradhan Mantri Gram Kaushalya Yojana
- D. National Skill Development Mission
- E. Swaccha Bharat Abhiyaan

Explanation-

- The approved scheme of RGSA will help more than 2.55 lakh Panchayati Raj Institutions (PRIs) to develop governance capabilities to deliver on SDGs through inclusive local governance with focus on optimum utilisation of available resources.
- The key principles of SDGs, i.e. leaving no one behind, reaching the farthest first and universal coverage, along with gender equality will be embedded in the design of all capacity building interventions including trainings, training modules and materials.
- The Scheme will be implemented during the period from 01.04.2018 to 31.03.2022 at the total cost of Rs. 7255.50 crore with the Central Share of Rs. 4500 crore and that of State Share of Rs. 2755.50 crore

46. _____ imposed for generating revenue and protecting domestic industries

- A. Cess
- B. Tariff**
- C. Tax
- D. Special tax
- E. None of the above

47. Institution established in 1945

- A. IMF**
- B. ADB
- C. AIIB
- D. UNDP
- E. WHO

48. Objective of the Scheme HRIDAY is

- A. Free heart surgeries for poor
- B. Free accommodation for under privileged
- C. Preservation of old books
- D. Preservation of Heritage**
- E. None of the above

ESI- RBI 2018

49. Inflation theory which combines both the Pull Back and Push Back to explain the inflation

- A. Market Power Theory
- B. Mark up theory
- C. Bottle Neck theory
- D. Monetary Theory
- E. None of the given options

Ans: D

Basically, there are 3 main theories of inflation,

- I. Market power Theory
- II. Conventional demand-pull inflation
- III. Structural theory of inflation

Structural theory:

According to structural theory of inflation, market power is one of the factors that cause inflation, but it is not the only factor. The supporters of structural theories believed that inflation arises due to structural maladjustments in the country or some of the institutional features of the business environment.

Structural theory considers both Pull Back and Push Back to explain the inflation.

Structural theory further divided into two more theories

- I. Mark up theory
- II. Bottleneck theory

Mark-up Theory:

Mark-up theory of inflation was proposed by Prof Gardner Ackley. According to him, inflation cannot occur alone by demand and cost factors, **but it is the cumulative effect of demand-pull and cost-push activities**. Demand-pull inflation refers to the inflation that occurs due to excess of aggregate demand, which further results in the increases in the price level. The increase in prices levels stimulates production but increases demand for factors of production. Consequently, the cost and price both increases.

In some cases, wages also increase without rise in the excess demand of products. This results in a fall in supply at the increased level of prices as to compensate the increase in wages with the prices of products. The shortage of products in the market would result in a further increase in prices.

Therefore, Prof. Gardner has provided a model of mark-up inflation in which both the factors, demand cost, are determined. Increase in demand results in the increase of prices of products as the customers spend more on products.

On the other the goods are sold to businesses instead of customers, then the cost of production increases. As a result, the prices of products also increase. Similarly, a rise in wages results in an increase in the cost of production, which would further increase the prices of products.

So according to Prof Gardner, inflation occurs due to excess of demand or increases in wage rates; therefore, both monetary and fiscal policies should be used to control inflation. Though, these two policies are not adequate to control inflation.

Bottle-neck inflation Theory:

Bottle-neck inflation was introduced by Prof Otto Eckstein. According to him, the direct relationship between wages and prices of products is the main cause of inflation. In other words, inflation takes place when there is a simultaneous increase in wages and prices of products. However, he believed that wage push or market-power theories alone are not able to provide a clear explanation of inflation. After analysis of the inflationary situation, Prof Eckstein says that the inflation occurs due to the boom in capital goods and wage-price spiral. In addition, he also advocated that during inflation prices in every industry is higher, but few industries show a very high price hike than the rest of the industries.

ESI- RBI 2018

These industries are termed as bottle-neck industries, which are responsible for the increase in prices of goods and services. In addition, Prof. Eckstein advocated that concentration of demand for products of bottle industries results in inflation.

50. The revised Fiscal Deficit Target is 3.3% against the earlier target of __%.

- A. 2.5
- B. 2.8
- C. 3**
- D. 3.2
- E. 3.4

51. Cumulative Deduction in budget to Salaried Class is Rs _____

- A. 20000
- B. 15000
- C. 30000
- D. 35000
- E. 40000**

52. Allocation for Infra in Budget is Rs _____ Lac Crore

- A. 5.97**
- B. 4.2
- C. 5.36
- D. 4.85
- E. 4.69

53. First state in India to have conducted comprehensive survey to ascertain the extent of Multidimensional Poverty in the state

- A. Telangana
- B. Kerala
- C. Karnataka
- D. Tamil nadu
- E. Andhra Pradesh**

54. Macro Economic theory doesnt involve

- A. Analysis of specific Company**
- B. Inflation
- C. Unemployment
- D. Savings
- E. International trade

55. Trade measures aimed at protecting domestic sector is referred to as

- A. Protectionism**
- B. Survivalism
- C. Dynamic protection
- D. Consumer
- E. None of the above

ESI- RBI 2018

56. Study of Price impact due to change in price other goods

- A. Goods elasticity
- B. Cross Elasticity**
- C. Price elasticity
- D. Tax elasticity
- E. None of the above

57. GDP calculation doesn't include

- A. Govt outlay
- B. Pvt Inventory
- C. Investment
- D. Exports
- E. None

Ans: E (GDP calculation includes all mentioned options.)

GDP is the final value of the goods and services produced within the geographic boundaries of a country during a specified period of time, normally a year. GDP growth rate is an important indicator of the economic performance of a country.

GDP can be measured by three methods, namely,

1. Output Method: This measures the monetary or market value of all the goods and services produced within the borders of the country. In order to avoid a distorted measure of GDP due to price level changes, GDP at constant prices or real GDP is computed. $\text{GDP (as per output method)} = \text{Real GDP (GDP at constant prices)} - \text{Taxes} + \text{Subsidies}$.

2. Expenditure Method: This measures the total expenditure incurred by all entities on goods and services within the domestic boundaries of a country. $\text{GDP (as per expenditure method)} = C + I + G + (X-M)$

C: Consumption expenditure,

I: Investment expenditure,

G: Government spending and

(X-IM): Exports minus imports, that is net exports.

Option A) Government outlay means government spending it includes all government consumption, investment, and transfer payments. It forms part (G) of GDP calculation.

Option B) Private Inventory, The annual change in inventory is included in GDP. Inventory investment is more of an indicator. For example:

- If production is greater than sales, inventories increase
- If production is less than sales, inventories decrease

Hence, Inventory change is included as a component of investment spending (I)

Option C) Investment comes under part I. It includes: New house purchased, Purchase of goods that will be used in future production, Capital goods, Heavy Machinery, Building, Structure will be counted, Leftover Inventory [Rubber, steel, car] will be counted, Share, Bond, Debenture will be counted.

Option D) Exports forms part E of GDP calculations.

GDP doesn't cover the following

- Underground Economy
- Non-Marketed Activities (Mom cooking food for home)
- Barter Exchanges (Rice given for oranges)
- Negative Externality (Acid rain)

ESI- RBI_2018

- Opportunity cost lost (kids not going to school which could have made difference in future – Human Development)- (HDI)
- Income Inequality (Gini Coefficient)

3. Income Method: It measures the total income earned by the factors of production, that is, labor and capital within the domestic boundaries of a country. $\text{GDP (as per income method)} = \text{GDP at factor cost} + \text{Taxes} - \text{Subsidies}$.

In India, contributions to GDP are mainly divided into 3 broad sectors – agriculture and allied services, industry and service sector.

In India, GDP is measured at market prices and the base year for computation is 2011-12. $\text{GDP at market prices} = \text{GDP at factor cost} + \text{Indirect Taxes} - \text{Subsidies}$.

58. Population that maximizes the country's Growth and Development

- A. **Optimal Population**
- B. Expansive Population
- C. Constrictive population
- D. Stationary population
- E. None of the above
