

ASSIGNMENT ON CODING DECODING

Coding with Conditions

Exercise

I. Directions (Q.1-5): Study the following series carefully and answer the questions given below

Conditions:

- i. If the first letter is a consonant and the third letter is a vowel both are to be coded as the code of the third letter.
- ii. If the first letter is a vowel and the last letter is also a vowel their codes are to be interchanged.
- iii. If no vowel is present in the group of letters, the second and the fourth letters are to be coded as &.

Letter	E	C	Y	I	D	H	W	M	U	J	B	X	A	Z
No/Symbol	1	2	\$	+	3	4	5	6	=	7	#	8	9	0

1. ZCAJYU

- 1) 9297\$= 2) 9297*- 3) 2997*= 4) 9297)= 5) None of these

2. EYDWH A

- 1) 9\$3541 2) 2\$3541 3) 9\$3542 4) 9=3541 5) None of these

3. DWHYJC

- 1) 3&4&70 2) 3&4&78 3) 7&4&72 4) 3&4&72 5) None of these

4. ADYHWE

- 1) 12\$459 2) 13\$452 3) 13\$459 4) 13\$457 5) None of these

5. EJHWAZ

- 1) 174592 2) 174590 3) 174591 4) 274590 5) None of these

II. Directions (Q.1-5): Study the following series carefully and answer the questions given below it:

Conditions:

- i. If the first letter is a consonant and the last letter is a vowel both are to be coded as the code of the vowel
- ii. If the first letter is a vowel and the last letter is a consonant their codes are to be interchanged.
- iii. If no vowel is present in the group of letters, the second and the fifth letters are to be coded as #.

III. Directions (Q. 1- 5): Study the following series carefully and answer the questions given below

Conditions:

- If both the first and second last letters are consonants, both are to be coded as the code of first letter.
- If no consonant is present in the group of letters, first two letters are to be coded as ? and remaining letters are to be coded as %.
- If the first letter is a vowel and the last letter is a consonant, their codes are to be swapped.

Letter	E	R	O	P	B	A	F	M	K	W	Z	Q	T	U	D	I
No/Symbol	?	9	*	7	@	#	6	8	1	\$	%	5	+	!	&	3

V. Directions (Q.1-5): Study the following series carefully and answer the questions given below it:

Conditions:

- i. If the first letter is a consonant and last letter of the group is a vowel, then both the last and the first letter are to be coded as number/symbol representing the consonant.
- ii. If the first letter is a vowel and last letter is a consonant, then both the first and the last letter are to be coded as number/symbol representing the vowel.
- iii. If both the first and the last letters are consonant, then both these letters are to be coded as 'X'.

Letter	Z	K	E	J	R	I	C	H	A	L	O	D	S	W
No/Sym	\$	8	6	@	2	4	#	3	1	7	*	%	5	9

VI. Directions (Q.1-5): Study the following series carefully and answer the questions given below

Conditions:

ASSIGNMENT ON CODING DECODING

Coding with Conditions

- i. If the first letter is a consonant and the third letter is a vowel both are to be coded as the code of the third letter. However, if more than two vowels are present in the group of letters, both first and third letters are to be coded as @.
- ii. If both the first and the last letters are vowels, their codes would be the codes of their next letter in the English Alphabet.
- iii. If no vowel is present in the group of letters, the middle two letters would be coded as #.

Letter	B	M	E	R	A	I	N	U	D	H	X	G	J	V	C	L
No/Symbol	!	&	\$	+	3	6	5	2	1	?	=	7	9	8	%	*

VII. Directions (Q.1 - 5): Study the following series carefully and answer the questions given below

Conditions:

- i. If both the first and last letters are consonants and fourth letter is a vowel, the second and the fifth letter in the group of letters are to be coded as + and ? respectively.

ASSIGNMENT ON CODING DECODING

Coding with Conditions

ii. If no vowel is present in the group of letters, codes of all the letters are to be the codes of their next letters in the English alphabet.

iii. If both the first and the last letters are vowels, their codes would be the codes of their next letter in the English alphabet. However if more than two vowels are present, all the vowels in the group of letters are to be coded as #.
