

Assignment 1_Level 1 Puzzles

I.

Directions: Read the following information carefully and answer the questions given below.

Five friends Keshav, Lalit, Shishir, Jayesh and Tanmay are known for their intelligence, smartness, wisdom, prudence and honesty but not necessary in the same order.

- (i) Keshav and Shishir are known for neither Wisdom nor for Intelligence.
- (ii) Lalit and Tanmay are not known for Smartness or Prudence.
- (iii) Keshav is not known for either Honesty or Smartness.
- (iv) Jayesh and Tanmay are not known for either Intelligence or Smartness.
- (v) Jayesh is not known for Wisdom.

1. Who is known for his smartness?

- 1) Keshav
- 2) Shishir
- 3) Tanmay
- 4) Lalit
- 5) None of these

2. Which one of the following combination is true?

- 1) Jayesh – Prudence
- 2) Shishir - Intelligence
- 3) Tanmay - Wisdom
- 4) Lalit – Honesty
- 5) None of these

3. Jayesh is known for which quality?

- 1) Intelligence
- 2) Prudence
- 3) Smartness
- 4) Honesty
- 5) None of these

4. Who is known for his wisdom?

- 1) Keshav
- 2) Jayesh
- 3) Lalit
- 4) Tanmay
- 5) None of these

5. Keshav is known for which quality?

Assignment 1_Level 1 Puzzles

- 1) Intelligence
- 2) Honesty
- 3) Wisdom
- 4) Prudence
- 5) None of these

II.

Directions: Study the given information carefully to answer the given question.

Among six students T, U, V, W, X and Y each having a different weight in a class. U's weight is less than only W. T's weight is more than V and Y but less than X. Y's weight is not the lowest. The student whose weight is 75 kg is the second highest. The one whose weight is 45 kg is the second lowest.

1. How many persons weigh more than Y?

- 1) More than three
- 2) None
- 3) One
- 4) Two
- 5) None of these

2. With respect to the weight of the persons, if $U + W = 179$ kg, then $W + Y =$ _____

- 1) 121 kg
- 2) 135 kg
- 3) 149 kg
- 4) 150 kg
- 5) None of these

3. If X's weight is 18 kg more than Y's weight, then which of the following is true about X?

- 1) X's weight is 14 kg less than that of U.
- 2) The sum of X's and V's weight is more than 122 kg.
- 3) X's weight is an odd number.
- 4) X's weight is 65 kg.
- 5) None of these

III.

Directions: Study the following information carefully and answer the given questions based on it.

Amisha, Anupama, Chetna, Nandita, Farhan & Govind are six teachers teaching in six different schools viz. A, B, C, D, E & F. All of them go to school five days a week and they run a school in a nearby village and teach there six days a week, each going one day a week. No two teachers attend the school in the village on the same day.

Assignment 1_Level 1 Puzzles

Amisha works with neither school E nor school B. Amisha&Govind do not go to the village school on Tuesday, Wednesday or Thursday. The person who teaches in school F and school E attend the village school on Wednesday and Saturday respectively. Anupama teaches either in school A or in school B but Nandita teaches in school C. Chetna attends the village school on Friday and she teaches in school D. The person who teaches in School B does not attend the village school on Wednesday.

1. Which school does Amisha work with?

- 1) B 2) A 3) D
- 4) Data inadequate 5) None of these

2. Who goes to village School on Wednesday?

- 1)Anupama 2) Nandita 3) Govind
- 4) Data inadequate 5) None of these

3. Which of the following combinations is correct?

- 1) Amisha – Monday – E 2) Faruq – Wednesday – E
- 3) Farhan – F – Saturday 4) Govind – E – Saturday
- 5) None of these

4. Which of the following combinations is not correct?

- 1) Amisha – Monday – A 2) Farhan – Wednesday – F
- 3) Chetna – Friday - B 4) Govind – E – Saturday
- 5) None of these

5. Which day does Anupama teach?

- 1) Tuesday 2) Saturday 3) Thursday
- 4) Tuesday/Thursday 5) None of these

IV.

Directions: Study the following information carefully and answer the given questions following it.

Five friends Nilesh, Shantanu, Kesari, Vikas and Amburaj like to watch different TV Channels viz. Headlines Today, Times Now, NDTV, IBN7 and AajTak and they read different Newspapers i.e. The Hindu, The Pioneer, Business Standard, Indian Express and The Hindustan Times but not in that order.

Assignment 1_Level 1 Puzzles
